

## OFFICERS TELL OF WRANGEL'S BATTLE WITH BOLSHIEVSKI

### Attack by Bolsheviki Earlier Than Was Anticipated

#### OLD WEATHER ALSO HELPED

(By The Associated Press) CONSTANTINOPLE, Nov. 20.—The first story of the downfall of General Wrangel's army was given by the correspondent today by one of Wrangel's own officers who had just arrived here. General Wrangel's defeat was ascribed by the officers to the over-confidence of General Wrangel and lack of appreciation of the strength of the enemy forces. The operation across the Dnieper in October, the officer had shown the Bolsheviki concentration to be more considerable than had been anticipated and this induced General Wrangel to give up his position in Taurida and within the Crimean fortifications, where he awaited the Bolsheviki offensive with impunity. The principal reason given by the officer for the success of the Bolsheviki was improvement in the railway system and the disposition of considerable Bolsheviki reserves. These included the sudden cavalry, which was reformed after the Polish victory and increased with fresh units after the failure of the attempt to outflank the Kakhovka bridgehead after which General Wrangel resolved to evacuate Taurida. Start Drive Early. The Bolsheviki drive, started three days earlier than General Wrangel planned to retreat, was the result of the second and third corps to Perekop, leaving the remainder of the army, except the Don Cossack cavalry corps on the Tschongar isthmus. While this retreat was going on in the Don corps counter-attack in a westerly direction and successfully reached the Dnieper. Here the panic-stricken Bolsheviki destroyed the pontoon bridges. General Wrangel then hastily reformed three corps under General Kutie poff, which after a brief resistance against the Bolsheviki moved southward to cut off Rudny's cavalry which was advancing with extreme rapidity toward the southeast from a point north of Kakhovka. Rudny's cavalry already had reached Salkovo and was threatening to cut off the retreat of General Wrangel's right wing. The Bolsheviki taking advantage of the freezing of the Puridi sea, crossed and outflanked General Wrangel's advanced position on the Isthmus, appearing in considerable strength at Armanik-Bazar. They thus were enabled to advance the main body of their artillery without difficulty to Perekop where their superiority in guns gave them the advantage in frontal attack on General Wrangel's principal lines. Heroism Was Magnificent. In the meantime the Bolsheviki were concentrating against Wrangel's right flank. The heroism of the defenders during the operations against overwhelming superior forces was magnificent. Wrangel's forces did not have time to cook or sleep as the Bolsheviki constantly were throwing in reserves. Wrangel, without reinforcements, was at a great disadvantage. The struggle around "Perekop" lasted long enough to enable the evacuation of its defenders. Then the left flank was withdrawn on Sebatoport, the right flank on Yalta and Feodosia and the Kuban divisions on Kerch. The evacuation of Sebatoport began November 12 and ended on the fourteenth. General Wrangel was the last to leave. When standing on the deck of Russian steamer, Kermloff, he could see small bands of enemy horsemen slowly crossing the summit of the long ridge north of the city. Wrangel's evacuation of the Crimea was in marked contrast to that of Odessa. It was executed with a minimum loss after such a severe defeat.

#### LIVING COSTS ARE GOING DOWN

(By The Associated Press) CHICAGO, Nov. 22.—Statistics which, he said, were intended to show that there was a spirit of retrenchment in the nations industry and that wages and the cost of living were going down throughout the country were presented today to federal Judge Samuel Alschuler today, by L. H. D. Weld, representing the packing companies in the hearing of demands of 225,000 packing company employees for an increase of \$1 a day in wages. Judge Alschuler heard the case two months ago but never rendered a decision and the hearing was re-opened at the request of the packers, who maintained that "the decrease in the cost of living which has come into being since the previous hearing should be taken into consideration in the case which is the first test between capital and labor as to whether there should be further wage increases now that living costs are decreasing. Mr. Weld in his testimony today declared that the packers were asking that wages be "not increased." He presented statistics gathered by packers from 879 industrial plants in various parts of the country which quoted reductions in working hours, wages, the cost of living and the number of men employed during the past ninety days. Of the plants five had increased wages, 154 showed no change, 426 had reduced forces, 228 reduced the number of working hours and 186 reduced wages, mainly by hiring new employees at reduced pay. Both hours and wages were reduced by some industries. Mr. Weld said that in South Carolina 14 cotton mills had reduced wages and that wage reductions also had been made in other industries. Each of the 879 industries employed more than 100 men, he said. In Chicago, he said there had been an average decrease in the cost of food of 10 percent in the past year and 13 percent in the past ninety days. Clothing had decreased 28 percent in ninety days, according to Mr. Weld's figures. ## D'ANNUNZIO SAYS HE WILL KEEP ON FIGHTING FOR RIGHT

### Will Continue Until Italy's Just Claims Are Met

#### IF LEFT ALONE WILL STAND FIRM

(By The Associated Press) FIUME, Nov. 21.—Gabriele D'Annunzio, insurgent commander at Fiume, declared today he was unalterably opposed to accepting the treaty of Rapallo, settling the Adriatic dispute between Italy and Jugoslavia, and that he would continue fighting until the just claims of Italy were met. "I will not yield. I will cede nothing," declared D'Annunzio to the correspondent. "The fruits of victory belong to Italy. Friends of mine, generals in the army, officials of the government, implore me to accept the treaty of Rapallo, but I will not recede Italy's just claims must be satisfied." "I am fighting a just fight and I will continue until Italian aspirations are fulfilled. Friends may abandon me. I will stand firm. I am Gideon. Let those who lack courage desert me. Let those who fall in rejoining with iron will. There remain the brave will conquer. I am alone. Even those nearest to me show signs of weakness. I must left up their hands and guide them. Thru all this anguish of fourteen months I have stood the test. I have resisted in the face of seemingly unquenchable obstacles all intrigues, threats and pressure. Now, when the final test comes to Italy to reject or accept this treaty I find so few strong men, strong enough to stand out for Italy's rights. Even my friend Mito overcome by the entreaties of Rome now vacillate and does not stand firmly by our sworn word. "The Italian government is sending representatives daily to treat to me, they come with their promises and offers in an effort to make me yield. I laugh at such corruption as this. The Italian government is full of corruption cunningly concealed; it is worse than tears. "These envoys entreat me to leave Fiume and desert Dalmatia. They say: "To you is triumph, to you is honor; you are the hero of the hour, you will be received in Rome in triumphant celebration as savior and liberator. "I am deaf to their flatteries. They have come with offers of all the honors the government is capable of bestowing."

## HAITIEN PRESIDENT ISSUES STATEMENT ATTACKING OFFICIALS

Says Civil Administration More Oppressive Than Military

### HUMILIATING GUARDIANSHIP

(By The Associated Press) PORT AU PRINCE, Nov. 22.—The American civil administration in Haiti is more oppressive than the military, President Dargienave declared in a statement today attacking the public service of Minister Blanchard and John M. McCallenny, financial adviser of the black republic. The president charged that since American occupation no effective aid had been given Haiti for development of its agricultural and industrial resources as stipulated in the treaty and that no serious measure had been proposed with a view to placing Haiti's finances on a solid basis. One of the charges made by the president was that a single "operation" by the financial adviser had cost the people of Haiti the loss of several million francs. A rat killing incident was mentioned by the president to show how Haitian money was spent. After the discovery of two cases of plague at New Orleans, the financial adviser, in Washington, employed two rat catchers at \$250 a month each for two months. The president, which city has never known the malady. President Issues Statement. Outside of customs the president said there were no other budget resources left under the treaty to Haiti for free disposition toward expenses. The financial adviser, aided by the minister and the military authority, which on this occasion invoked martial law decided that these funds be remitted to him. In this fashion, he added, the government was completely at the mercy of the capricious and arbitrary of the financial adviser. "The state department, absorbed no doubt by more important questions of exterior policies, or badly informed by its official agents, closes its ears to our protestations or simply gives right (approval) to the American officials." After his expression of willingness by the Haitians to cooperate loyally under the terms of the treaty if the American officials kept to their part of the pact the president closed by saying: "The Haitian government is under humiliating guardianship for lack of cooperation. Its efforts to collaborate with good will are in vain, disdained and repulsed. It seems that there does not exist between the two governments an analogous contract that the two parties are obligated to respect. The civil administration is more oppressive than the military administration."

## LEAGUE OF NATIONS WILL TRY TO BRING ABOUT MEDITATION

Former French Premier Viviani is Applauded

### WOULD SETTLE ARMENIAN QUESTION

(By The Associated Press) GENEVA, Nov. 22.—(By The Associated Press.)—The assembly of the league of nations decided without a dissenting vote today to appeal to the powers in the hope of finding a government willing to undertake mediation between the Turkish nationalists under Mustapha Kemal Pasha, and the Armenians. An earnest debate preceded the vote on the resolution which was presented by M. Viviani, former premier of France, inviting the council of the league to take the action indicated. It threatened at times, however, to justify the predictions of the league's opponents that the work of the assembly would founder on the rule requiring a unanimous vote. Lord Cecil, A. J. Balfour, Rene Viviani, Hjalmar Branting, Dr. Fridtjof Nansen, J. J. Dougherty (Canada) and M. Stalvoich (Jugo-Slavia) participated but the real contest was between M. Viviani and Mr. Balfour. Mr. Balfour explained the failure of the league council to find a mandatory for Armenia. He referred to the refusal of the United States to accept such a mandate and hoped that the committee of the assembly might do better. The former French premier pleaded warmly for prompt action, provoking the first enthusiastic demonstration of the assembly. He declared that if the assembly was unable to do better than name another committee it would proclaim its own impotence. It was remarked that Lord Robert Cecil applauded vigorously from the South African bench while the English delegates, Mr. Balfour and H. A. L. Fisher, remained stolidly indifferent. Fighting Military Expedition. It seemed evident that Mr. Balfour was fighting against an eventual military expedition more than against mediation as proposed by M. Viviani. Altho Dr. Nansen was the only one to speak boldly in favor of an expeditionary force to deal with the Turkish nationalist leader, Mustapha Kemal Pasha, all the others, with the exception of Mr. Balfour approached as closely as they could to this eventually without actually saying so. The general impression after the debate was that the assembly favored fighting Kemal Pasha, if no other way was found to end the conflict in Armenia. There was a moment of supreme tension when the vote was reached as the attitude of Mr. Balfour seemed to indicate that he would prevent a unanimous vote. H. Viviani, Gastao da Cunha, Lord Robert Cecil, M. LaFontaine, (Belgian), H. Branting and Dr. Nansen conferred and decided to combine on the proposition as advocated by the French and South African delegates. To the grief and surprise of the assembly Mr. Balfour was one of the first to rise and vote for the resolution. The council of the league met this evening but took no action relative to the resolution. Mr. Balfour on leaving the assembly room was asked what action had been taken. He shrugged his shoulders and merely described the proceedings as "that curious meeting this morning." Dr. da Cunha, of Brazil, in replying to a question as to what action had been taken said: "Unfortunately no action has been taken."

With corn quoted at from 45 to 50c a bushel and eggs at 60c a dozen, there doesn't seem to be much left for the farmer but to go in heavy for poultry. The trouble is if the farms get to producing eggs on the same big scale that corn is now raised, the hen fruit will be quoted at about 15c a dozen.

The motor truck industry has been one of the hardest hit by changing business conditions. It is said that factories whose business developed so wonderfully during the war period have in these months found it necessary to curtail their output 70 per cent. It is going to take a real period of adjustment before these plants can again work on anything like normal time.

It is said that one moving picture company is planning a series of films without any particular star. This company hopes that the plays presented by well balanced casts will interest the public without the attraction of any

noted name. Perhaps the film fans will like this change as a novelty at least after having seen only pictures with stars or alleged stars in the principal parts.

Daniel Tobin of the American Federation of Labor in an interview declares that the organization will continue its struggle for higher wages and shorter hours. This statement doesn't reflect the views of the workers in some lines. Their concern just now is for longer hours, since so many factories and industrial plants are working half time or less.

It seems that the various cities interested in the rates of service of the Illinois Traction System and its allied companies will oppose the increases asked for at the hearing tomorrow. The difficulty that these companies must face is that they are seeking an increase at the very time that prices have taken a decided slump.

Since the companies have weathered the storms of the past two years with the high operating costs, it will be theirs to prove why they cannot get along in a satisfactory way now that costs are coming down to something like normal.

Correspondents of metropolitan newspapers have made themselves amusingly ridiculous by their pretended "doctors" Harding gossip concerning cabinet appointments. No one who watched the candidate thru the campaign believes that any of the writers has more information than has the general public relative to the men Mr. Harding is likely to select as the heads of Departments. One thing is certain, that the men will be of high character and ability, and after appointment, will be permitted to conduct their offices without the "okey" of the White House or every detail of public business.

"Uncle Joe" Cannon, who has been recently re-elected to Congress, is the oldest man in Congress in both age and years of service. He is 84 years old and has served in 22 Congresses, or 44 years. His service covers a period of 48 years, but he was twice defeated. He served as Speaker during four Congresses. He is still in vigorous health and when Congress is in session, attends the daily sessions and participates in the debates. He spends much of his evenings at the National Press Club, where he plays the most popular game, dominoes.

One of the reasons given by certain legislators for their opposition to American recognition of Russia within the next year or so is that it will enlarge the opportunities for bolshevik propaganda in this country. But if such recognition were preceded by a sound antiseptic law such as that proposed by Senator Poincaré, this danger would in all probability be obviated. Certain it is that Great Britain and other countries will soon recognize the Russian Government, and will improve their opportunities to trade with that country, whose natural resources are unparalleled. If the United States continues in its refusal to recognize the Russian Government, it will find itself confronted with serious handicaps in the matter of trade with that vast empire in the days to come.

## The Great Blessing.

I had a weary siege of sickness that called for pink and purple pills; my humble roll lost all its thickness when I had paid the doctors' bills. And pharmacists and well trained nurses were desirous to me up the road, and undertakers with their bearded heads hanging round my sick abode. Now I am feeling vastly better, the gout and mumps have left my frame, likewise lumbago, croup and tetter, the rheumatiz still plays its game. No longer do I wear a plaster, there is no poultice on my form, and I'm not scared by bleak distaster, or by the ills that round me swarm. If one has health he is craven to talk of grief and trouble sore, and croak, like Edgar Allan's raven, such balderdash, as "Nevermore." Health is the only thing that matters, besides if other boons are vain, and men are surely mad as hatters who kick when they are free from pain. Recovered from my indigestion and convalescent from the itch, I face my tasks without a question, and life seems full and sweet and rich. Yes, ugly problems crowded around me, and threats and things invade my den, but they can't daunt me or confound me, for I am feeling well again.

FARM BUREAU PLANS  
ANNUAL MEET

The meeting of the executive committee of the Morgan county farm bureau was held yesterday at the rooms of the bureau in the Rabjohns & Reir building. When President Black called the assembly to order it was found that members were present except Mr. Rohrer of Waverly and Mr. Drake of Chapin. A number of matters of business were disposed of and the most important action taken was with reference to the annual meeting of the association. This session is scheduled for Saturday, Nov. 27, but by a unanimous vote it was decided to hold the meeting Wednesday, Dec. 8. A noonday luncheon will be held when reports from the secretary and treasurer, and from County Agent Kendall will be made. An election of officers will be held and other matters of business given attention.

In the line of business particular interest will center about some proposed changes in the constitution. It is confidently expected that there will be a large representation of the membership present for this annual event.

MUST PLACE ORDER FOR  
BUICKS IN ADVANCE

You will have to place your order in advance for your Buick car.

At a meeting of Buick dealers attended by Howard Zahn in St. Louis, each Buick dealer was instructed that the Buick Factory would not make a single car without having first a bonafide order for it, from the purchaser.

There will be only one way to get a Buick Automobile and that will be to give the order in advance.

The dealers will not stock cars this winter nor will any surplus of cars be built. The factory will build only those that they have orders for.

It was further announced at this meeting that The Buick Motor Company is the only company building or will build a full line of 1921 models.

"GRANDMA'S THANKSGIVING." "Come children," said Grandma, "sit by my knee, and see how quiet you all can be. While I tell you in the kindest way About our Thanksgiving day."

"There'll be aunts and uncles and cousins too, 'Till you will scarcely know just what to do; Merry voices will loudly ring, Happy children will gayly sing."

"The turkey will gobble with accents wild, When his drumsticks are passed to a hungry child, The old fat goose will burst with stuffin', While the oysters with pride will keep on puffin'."

"The children will eat as long as they're able, Then with a groan slowly rise from the table; Too much cranberry sauce, pumpkin pie and such, 'Why in the world does Grandma cook so much?'"

"Now, my dears, I've no more to say, But always show you're thankful in every way, And if Grandma's here again next year I'll look for you all Thanksgiving Day."

RUTH WILSON IS  
DEATH'S VICTIM

MONDAY MORNING

Well Known Young Woman Dies Suddenly from Cerebral Hemorrhage—Cotnam Holds Inquest

Miss Ruth Wilson, 24 years old, daughter of the late Mr. and Mrs. T. D. Wilson of this city, died very suddenly at 9:20 o'clock Monday morning at the apartment of Mrs. C. O. Malone in Cherry flats, where she had been visiting. She became ill shortly after midnight, and a physician was called.

She had been a sufferer from ailments a number of months, and had at various times been under care of a physician. Death was due to cerebral hemorrhage, a coroner's jury decided.

Miss Wilson had not had a permanent home since the death of her parents, and had come here for a visit with Mrs. Malone. She had been in the city two weeks.

Her father, T. D. Wilson, was a well known oil dealer here. She leaves one brother, Frank Wilson of Barry, who will arrive in the city tonight to arrange for the funeral.

The remains were removed to the Reynolds Mortuary, where the inquest was conducted by Coroner Charles A. Rose. The witnesses were Dr. E. D. Canatney and Mrs. Malone.

The physician said he understood Miss Wilson had been treated for high blood pressure and accompanying ailments. She was unconscious when he arrived at the home. He gave the cause of her death as cerebral hemorrhage.

Mrs. Malone stated that she and her guest had attended church Sunday night, and that Miss Wilson became ill about 12:30 o'clock in the morning. The deceased had been a sufferer from high blood pressure for years, she testified.

The coroner's jury was composed of F. M. Rule, foreman; Walter Emberton, E. M. Selby, Benjamin D. Wade, George E. Dewese and L. A. Barlow.

The funeral service will be held at 10:30 Wednesday morning at Reynolds Mortuary in charge of Rev. M. L. Pontius. Interment will be in Diamond Grove cemetery.

REVIVAL SERVICES  
AT BAPTIST CHURCH

Rev. Joseph Dent Here to Assist  
Dr. Todd in Special Meeting.

The first service of the series of special meetings beginning at the First Baptist church was held Sunday morning.

A large congregation and a good-sized chorus choir greeted Rev. Joseph C. Dent, the evangelist, as he was introduced by the pastor, Rev. A. A. Todd. The evangelist was well pleased at the reception accorded him at the first service, and expressed his delight at seeing such a large audience.

The theme of his morning message was "The Clarion Call" which he interpreted as the call to work. Rev. Dent preached from the text, "We must work the works of Him who sent me, while it is day; for the night cometh, when no man can work." He said that too many people are wondering about problems which they cannot solve, instead of heeding this command of the Master. If we would work more and puzzle our minds less about the things we cannot understand, there would be greater progress in the Kingdom. The speaker emphasized the need of earnest, consecrated work in connection with the series of meetings now beginning. It was a strong message, and was an inspiration to all who heard it.

Following is the program as announced for the rest of the week:

Tuesday will be Amona and Philathea night, and these classes will furnish the special number. Subject, "The Wisest People."

Wednesday night the special number will be in charge of the Baraca Bible class of men, and it will be known as Men's Night. Subject, "Two Kinds of Intoxication."

Thursday night will be family night, and at this service families will sit together. Rev. Dent will give a souvenir to the largest family present. Subject "Keep the Home Fires Burning."

Friday night will be known as Sunday school night, and the subject will be "Caring for Children."

**How to Make Pine Cough Syrup at Home**

Has no equal for prompt results. Takes but a moment to prepare, and saves you about \$2.

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment. Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of cheap substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction, or money refunded. The Pinex Co., Ft. Wayne, Ind.

GAVE GREAT CONCERT  
PROGRAM HERE

Miss Sheppard and Miss Atwood  
Delighted Audience of Music  
Lovers Monday Night.

An audience of men and women who appreciate and know music gathered at Music hall, Illinois Woman's college, Monday night for the concert given by Miss Edna Sheppard, pianist, and Miss Martha Atwood, soprano. This musical event had more than usual interest because Jacksonville is Miss Sheppard's home. For several years past Miss Sheppard has spent most of her time in the east, in musical work. Press notices have been continually complimentary and Jacksonville people who heard her last night were of one mind that the eastern critics had not said too much in praise of this finished artist.

The program was different from any that has been heard in Jacksonville and the selections were of a kind to afford proof of Miss Sheppard's wonderful ability. It is said that a goodly part of this artist's reputation has been won as an accompanist. The people in the audience last night can easily understand why, for Miss Sheppard played the accompaniments for Miss Atwood with fine sympathy. The accompaniments were played without notes and in themselves added very substantially to the worth and strength of the program.

Miss Atwood, who is appearing in a series of concerts with Miss Sheppard, has a soprano voice of delightful quality and wide range. Her charming presence adds to the interest of her singing.

Following the program last night an informal reception was tendered Miss Sheppard and members of the audience found pleasure in this opportunity to extend their congratulations and express their appreciation to Miss Sheppard, her parents, Mr. and Mrs. John S. Sheppard, and Miss Atwood. The program, in which were liberal encores, included the following numbers:

## Gave Miscellaneous Shower for Mr. and Mrs. Matson.

Misses Dovie and Mamie Corrington gave a miscellaneous shower at the home of their parents, Mr. and Mrs. J. B. Corrington, near Alexander Monday evening in honor of Mr. and Mrs. Hilding Matson. They were the recipients of many beautiful gifts. The evening was pleasantly spent with games and music and refreshments were served. Those present were:

Mr. and Mrs. Clifton Corrington parents of the bride, Mr. and Mrs. A. Y. Eyre and family, Jacksonville; Mr. and Mrs. C. F. Corrington, Mr. and Mrs. Dan Clark, New Berlin; Mr. and Mrs. Frank Kaiser, Mrs. Anna Colwell, Mrs. Kate Colwell, George and John Colwell, Alexander; Louis Weber, Mr. and Mrs. Charles Corrington, Jacksonville; Mr. and Mrs. H. B. Arnold, Mr. and Mrs. Truntz and Mr. and Mrs. Lester Kinnett.

## Gave Tea at Fairview

The tea given by the Alumnae association of Illinois Woman's college at the home of Mrs. T. J. Pease Monday afternoon was an unusually enjoyable social event. The guests were members of the faculty of the college and the senior and junior classes. The guests were received by Mrs. Pitner and Mrs. Paul Thompson, who is president of the association. Mrs. J. R. Harker, Mrs. F. H. Rowe, Mrs. Owen P. Thompson poured and twelve other members of the Alumnae association assisted in entertaining.

The interest of the afternoon was increased by two duet numbers sung by Mrs. Helen Brown and Mrs. A. R. Gregory. With such singers it goes without saying that the selections were given with artistic excellence. There was still further musical interest when Mrs. Strang gave a violin solo, her aged mother, Mrs. Botkin, serving as her accompanist.

The Pitner home had been decorated with Ward roses and chrysanthemums for this event and the guests found everywhere evidence of the fine hospitality which is a part of Fairview. Miss Irene Miller was chairman of the committee which arranged for this event.

## RED CROSS ROLL CALL ENDS THURSDAY

Every Citizen Should Become a Member of Society—Best Way to Alleviate Suffering Thruout World.

The Red Cross fourth roll call will soon be closed, Nov. 25 being designated as the official closing day. This does not mean, however, that the chance of becoming a member expires on that particular day, as it usually occurs in campaigns of this kind that a considerable percentage of memberships are taken out even after the close. If you have hesitated on the ground that your membership was not needed for the reason that the need of the Red Cross had passed at the signing of the armistice, kindly reconsider this opinion and ask yourself who is to take the place of this organization in its mission of mercy throughout our land and the world at large. Consider the millions of people in Europe are today starving and dying from disease prompted by the conditions in which they are existing. It is a matter of great possibility that some of these very people are closely allied to us in kinship. In any event they are the children of one Great Father, who is also our Father, whom we ask for our daily bread, and who will

be pleased if we spare even a few moments to alleviate the starvation of those less fortunate than ourselves.

In no other manner more possible can we reach them as quickly as thru the medium of the Red Cross. Quickly, because of the splendid organization which has been built up and is now for the sole purpose of executing the wishes of the membership composing it. Owing to the vast amount of volunteer work given in its behalf. The Red Cross has been enabled to conduct its mission on a surprisingly low level of expenses for management. The vast sums handled during the last fiscal year by the National Red Cross were on a basis of three cents and three mills per dollar, leaving 95 cents and 7 mills for the relief of its various charges. Send in your dollar and help the less fortunate to regain their standing.

The local survey is nearing completion, and in order to make it 100 per cent effective it will be necessary for the few localities that are yet holding their questionnaires to fill them as soon as convenient and return them to headquarters.

There need be no fear on the part of any section or locality, that their particular section will be held up as an example, on the contrary, all reports are to be given out in a general manner, and the county visualized as a whole. A long pull, a strong pull and a pull altogether will give us information that will without exaggeration be of inestimable value to us as citizens.

## CIRCUIT COURT IS AGAIN IN SESSION

Mabel Austin Remanded to State Hospital — Various Orders Entered By Judge Smith.

In the circuit court yesterday Judge Smith heard the argument on the petition for writ of habeas corpus in the case of Mabel Austin, who is a patient at Jacksonville State hospital. Judge Smith denied the petition and remanded the defendant to Jacksonville State hospital.

It will be remembered that this defendant is from Greene county and was adjudged insane after she had been acquitted in a trial for murder.

The case of Lloyd Plinn is now on trial. Only four jurors had been accepted when court adjourned at 5 o'clock. A statutory charge is made against the defendant, who is represented by Wilton & Butler, State's Attorney Robinson is being assisted by an attorney from Springfield.

The court entered an order admitting Guy Alexander to bail in sum of \$2,500. Thomas Miner, Allen Morris and Henry McCann signed the bond. Alexander is the Nortonville young man who shot Everett Kent some weeks ago.

**Court Orders.**  
In the bill of Oakleigh R. Adkins by next friend, vs. Anna E. Davison, the judge allowed the appeal to the appellate court, specifying that the appeal was not to supplant or to stay the order and decree previously issued.

In the suit of W. B. Rexroad vs. William Coffman, et al., to quiet title, J. Marshall Miller was appointed guardian ad litem for minor and incompetent defendants. Default was entered against defendants not answering and the cause was referred to the master.

In the partition suit of Owen Riley, et al., vs. Mary Kroeger, et al., the answer filed is to stand with the answer of Mrs. Mary Kroeger and Elizabeth Murray. J. O. Priest was appointed guardian ad litem for Robert Miller.

In the partition suit of Frank Tendick vs. Beatrice Tendick the death of Mrs. Rose Thies was suggested and the names of Edna Sorrells and George and Mabel Thies as heirs at law were substituted and the cause referred to the master.

In the divorce suit of Samuel I. Thompson vs. Ella Thompson, decree was entered and the cause stricken.

In the foreclosure suit of Claus Hinner as trustee vs. T. C. and Carrie Bond, decree for foreclosure was entered.

**Petit Jurors.**

## MUST PLACE ORDER FOR BUICKS IN ADVANCE

You will have to place your order in advance for your Buick car.

At a meeting of Buick dealers attended by Howard Zahn in St. Louis, each Buick dealer was instructed that the Buick Factory would not make a single car without having first a bona fide order for it, from the purchaser.

There will be only one way to get a Buick Automobile and that will be to give the order in advance.

The dealers will not stock cars this winter nor will any surplus of cars be built. The factory will build only those that they have orders for.

It was further announced at this meeting that The Buick Motor Company is the only company building or will build a full line of 1921 models.

## SPECIAL CHURCH SERVICES CLOSE

All Day Meeting at Central Christian Church. Work for Next Year—Substantial Increase in Pastor's Salary.

The series of special services which have been in progress at Central Christian church for several weeks past closed Sunday and the evangelist, Dr. E. E. Violette, has returned to his home in Kansas City. It was a very helpful series of services and more than 125 persons were received into the church during this period of special effort.

That Dr. Violette made a strong impression upon the church membership and others is proven by the fact that he has been asked to return in the fall of 1922 for a similar series. This action was taken by unanimous vote.

Sunday was a great day at the church and services were held morning, afternoon and evening. There was a large attendance at the big family church dinner served at noon and more than 100 were also there for the evening meal. The church year of this year is identical with the calendar year and the financial plans were outlined for 1921 and the budget raised.

It is a matter of interest that the church indicated its appreciation of the services of Rev. M. L. Pontius by voting an increase of \$1,000 in his salary. Altogether it was a great day at the church and a fine feeling was manifest.

## PLAN FOR REMOVAL OF LIGHT PLANT

Matter is Left in Hands of Light Committee to Consult With Local Utility Company to Furnish Power — Other Matters Considered.

Action relative to the removal of the municipal plant from its present location to the new power house at the south end pumping station was taken at the regular meeting of the city council Monday evening.

The matter was brought up by Mr. Chapin. The council voted to refer the question to the water committee with power to act.

A notification from the Utilities commission that the hearing of the Jacksonville alway and Light company for an increase of rates was set for Wednesday, Nov. 24 at Springfield.

**The Proceedings.**  
When the clerk called the roll it showed all members present except Ald. Ehnie and Williamson. The minutes of the last regular meeting were read and approved. During the reading Ald. Ehnie came in and took his place in the council.

A communication was read from a manufacturer of automobile license tags quoting a price of 32 1-2 cents each for tags for local automobiles. The price was considered rather high and it was deemed best to wait until replies were received from other firms.

The clerk read a communication from the secretary of the public utilities commission notifying the council that the hearing of the Jacksonville Railway and Light company for an increase of rates in Jacksonville. Mayor Crabtree was instructed to attend the hearing and was empowered to engage such legal talent to represent the city as he deemed necessary. It was the consensus of opinion of the council that a continuance should be asked in order to study the figures the utility company has placed before the commission on which its claim to increased rates is based.

**Will Build Alley D Sewer**  
A contract was read which has been entered into by the Cloverleaf Life and Casualty company, Illinois lodge No. 4, I. O. O. F. and W. S. Ehnie and Brother for the building of a sewer in Alley D between East State and East Court streets.

The parties agree to pay the cost of building said sewer and wished the city to advertise for bids and let the contract and supervise the work. The clerk was instructed to advertise for bids, the same to be in by Monday afternoon Nov. 29 at 4 o'clock.

Claims against the city were presented and all those properly approved were ordered paid.

**Moving of Light Plant.**  
Ald. Chapin at this time brought up the matter of moving the light plant equipment from its present location at the city hall to the new power house at the south end pumping station. Mr. Chapin said that the nearer the moving came the larger the job appeared.

He believed it advisable to make a contract with the local utility company to furnish power for pumping and lights while the work is being done in order that the equipment may be moved and set up and gotten into first-class shape before it is used.

Ald. McGinnis seconded by Ald. Cain moved that this matter be left in the hands of the light committee with power to act and to see whether it is advisable to contract with the local utility company for power for pumping and lights while the city plant is being moved. The motion carried.

Ald. Moore reported that in company with Ald. Cain and Messrs. J. S. Hackett and W. J. Brady he had visited the business men in the third ward relative to signs over the sidewalks. He reported that 23 were against the signs, seven for them and one neutral.

Mayor Crabtree made reference to an anonymous letter he had recently received, charging indifference in enforcing certain laws. From time to time the mayor and other city officials receive communications from anonymous sources. The mayor said that no attention can be given an unsigned letter — that criticism is welcome and that he earnestly wished that any person who has such criticism will express it in a signed letter.

He said that a better plan still would be to see him and talk the matter over, in confidence if desired.

The mayor and other city officials want to consider the views and opinions of all citizens and are glad to have these views on any subject but anonymous letters cannot be considered.

**Talks of Utility Law.**  
Dr. Bowe then addressed the council relative to the coming utility hearing in Springfield. Dr. Bowe told the mayor and aldermen that it was a most important thing to the people of the city and that some official representative should be present at the hearing. He suggested that it would be wise to ask for a continuance in order that the figures and statement of the utility company can be studied by the city's representatives.

Speaking of the law creating the utility commission, Dr. Bowe said it was one of the most famous laws ever placed on the statute books and was in direct opposition to the constitution of the United States. He made the assertion that the vote of Len Small did not represent a party vote but was an expression of approval of his promise to repeal the utility law. The speaker urged that all citizens take the matter up with the representatives from the district and re-

## THE GIRL IN THE LIMOUSINE COMING TO GRAND THEATER

There is no union rules prohibiting the overworking of a bed—otherwise the clever "The Girl in the Limousine" would never have been produced. A. H. Woods has furnished a great big, beautifully bedecked and canopied bed, conspicuously placed in the center of the stage where all may see.

As assurance of the innocuousness of the whole affair, it should be known that the couple are never left alone, and furthermore, that the young man is just as eager as the young woman to escape from the compromising entanglements, and there is always some one present to save the proprieties from collapse.

It all comes about through the misadventure of Tony Hamilton, who is held up by a couple of thugs, while on his way to a society party, beaten into unconsciousness and robbed of all his valuables, including his clothes, and is then dumped into the bed room of a young society woman, once his fiancée and now the wife of his best friend. When Tony recovers consciousness and realizes where he is he goes on a strenuous hunt for outer wearing apparel, but all he can find is Betty's bath gown. The company is excellently cast and keep the audience in continuous uproar.

## PETE, HERE'S WORD FROM THE WOODS!

Certainly slipped on not tipping you that Mr. Bacon invited me to join his shooting party up here. Arrived at his Northeast Carry camp at sunset yesterday. And a riot started before we squared up to the venison steak! Listen, old bull pup—my tale's short!

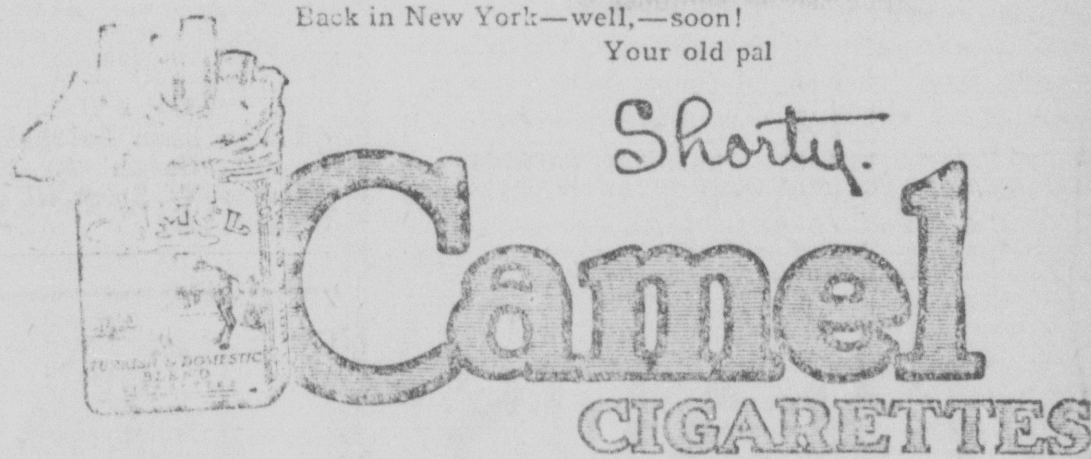

Bleak Nixon, chief guide, while unpacking, made the terrible discovery that all the Camel cigarette supplies had been swiped in transit! Never heard such a howl as the whole outfit set up! Nixon swore in Indian-plus-Canuck! Just wouldn't be pacified! Bleak's been rooting for Camels since November, 1915. Says there never was such smoothness, or refreshing flavor, or mild body in a cigarette as Camels provide! (Pete, Bleak is O. K. on that). While the row was on what does Nixon do but hop into his canoe and disappear into the depths of the dark, dank night!

About three this morning there was a roar such as no man ever heard in the wild woods! It was Nixon yelling like a double-decked bull moose! That bird had crossed the lake, picked up a trail and beat it to a little way-back store where he got the boss out of bed and made him come across with all the Camels he had. The storekeeper kicked like a handfull of aces—but, Bleak always gets what he goes after! It's the nerve, old tooth! And, now we're all filled with the milk of human kindness and Camel contentment! We'll get game!

So, think of digging up a bunch of Camels in the depth of Maine's densest woods! And, that's the way it is all over the U. S. A.! You're never out of luck when you smoke Camels! Pete, old hub, I've spoke—as the cook puts it!

Back in New York—well,—soon!  
Your old pal

## FORMER RESIDENT DIED AT TACOMA

Allen C. Mason, Prominent Resident of Tacoma, Wash., Dies After Paralytic Stroke.

There are a number of local residents who remember Allen C. Mason, and will be sorry to learn of his death, which occurred at his home in Tacoma, Wash., on Tuesday, Nov. 9. The deceased was a resident in this city many years ago and a teacher in a local school. His death followed a stroke of paralysis.

The Tacoma News-Tribune in a recent issue had a lengthy article with reference to the deceased, who was for many years prominently identified with the business and social life of that city. It was in 1887 that Mr. Mason went to the Washington city. Concerning his career there the News-Tribune says:

During the years following his arrival in Tacoma, Mr. Mason built many miles of municipal and suburban railways, buildings, homes, platted many additions, built waterworks, gas and electric light plants, developed timber lands, engaged in mining, and among other things, for some time published the Tacoma Daily News. He was the founder of the Mason public library, for many years an institution of the North End.

His activities extended to many other cities of Washington and Montana.

At the time of his death Mr. Mason was serving as secretary of the civil service board, to which position he had but recently been appointed and was performing exceptional work in the reorganization of the department.

Funeral services were held at Tacoma on Wednesday, Nov. 10, and interment was made there. The deceased is survived by his widow and two daughters.

### A FITTING TRIBUTE

In his sermon Sunday night at Congregational church Rev. W. E. Collins took for his theme "The homes of those early days. Too much has been said for the Pilgrim Fathers and too little of the mothers. The colony at Jamestown, not of the Pilgrims, almost died out. There were at one time among the small number there 102 bachelors and very few families. The mothers bravely bore their part of the early days; they made homes from which went children trained in the way they should go. The marriage tie was sacred and divorces were nearly unknown. The mothers cheerfully underwent hardships and trials of which little mention has been made.

How this land is departing from that grand record. There are more divorces in the United States than in any other country according to the population. Too frequently the newly born baby is handed over to a nurse, then to the kindergarten, then to the public school and then to the college or academy with far too little parental attention and guidance. Not long since the daughter of a prominent and high class family in Chicago asked permission to marry a man who didn't seem wholly desirable to her parents but she pleaded that if

she didn't like him she could get a divorce in a year.

It goes without saying that the home is the bulwark of our liberties. Make the home pleasant and attractive, sacrifice for the children and keep them there if you would have the right kind of boys and girls. There is a gentleman and wife in this city who had several wide awake, driving boys, full of life and vigor with no bad tendencies. Those boys had a room that was their own and to fit they had other boys come and good times were enjoyed there. As the gentleman proudly said, he had known his wife to take her hands from the dish water to play a piece for the boys to dance; they were kept busy with useful or harmless amusements and all are a credit to their parents and several similar families might be mentioned as well as several others where parents have been too busy saving other boys instead of caring for their own.
